

## Asset Market Research

AMR Asset Market Research GmbH is an innovative and ambitious real estate service company with headquarters in Berlin. We offer extensive services in the economic analysis and evaluation of real estate.

We are offering you a position as

### **Market Research Analyst (f/m)**

either as a full-time employee, as a freelancer or also as a student to support our team.

#### Your Prospects:

At our office in Berlin we are offering you exciting tasks as Market Research Analyst. Your function encompasses the independent evaluation of relevant data and the creation of market research for real estate surveys. If you feel that you are in the position to independently conduct market research, then you are in the right place.

#### Your Duties:

- Micro- and Macro analysis for real estate
- Obtaining information and preparing data
- Independent composition of texts
- Creation of presentations
- Project support

#### Your Qualifications:

- Professional experience in comparable position
- Methodic knowledge in the area of the qualitative and quantitative market research
- Experience with the MS-Office package
- We expect you to be goal oriented and able to work independently
- Working knowledge of English and German is advantageous
